Office of the Inspector General

26 FEB 1987

NOTE FOR: DDA

SUBJECT: Request from DoD for  
SAFE SOWS

Bill,

Attached is a draft response to  
[redacted] I do not think that it  
would be a good precedent to provide  
the documentation that he is looking  
for. However, as the draft indicates,  
we will be happy to brief their  
auditors on our audit process. I  
presume that a briefing on use of  
their funds for SAFE is in OIT's baili-  
wick.

MEMORANDUM FOR: Deputy Director for Resources and Systems  
Defense Intelligence Agency

SUBJECT: DoD Inspector General Request for Documents

REFERENCE: Your Memorandum, Same Subject, dated  
12 January 1987

1. I will be happy to arrange briefings for the Defense Audit Service auditors on the utilization of DoD funds for the SAFE Project. In addition, our Deputy Inspector General for Audit can provide briefings on our internal audit of contract administration, if that would be helpful. It is not in keeping with Agency policy, however, to make our contracts and related documents available to non-Agency auditors even when contracting for work on behalf of another Federal agency.

2. Please let me know if the DAS auditors wish to be briefed on our utilization of DoD funds for the SAFE Project, and you should contact our Deputy IG for Audit, [redacted] if they would like a general briefing on our auditing of contract administration.

Carroll,

STAT  
The attached note to me from [redacted]  
requests access to SAFE Statements of Work  
for a Defense Audit Staff audit of the DIA.  
Would you please contact the DoD IG and  
buffer/handle this for us. We have a  
history of not releasing our contracts  
even when we are contracting work for  
another Federal agency.

MEMORANDUM FOR THE DEPUTY DIRECTOR FOR ADMINISTRATION, CIA

SUBJECT: DoD Inspector General Request for Documents Bill

1. The Defense Audit Service (DAS) is conducting an audit of the Defense Intelligence Agency (DIA) concerning administrative control of funds. The audit staff has requested access to SAFE Contract Statements of Work for which DIA funds were provided in FY 1986 under MIPR HHM440-6-6412. The stated purpose of the request is the need to determine which DoD Appropriation should be used to fund DoD's portion of the work. The audit staff has also stated "we have no interest in CIA's management of the SAFE acquisition or its contracting procedures." Since CIA is the office of record for these documents, request your assistance in making these documents available to the DoD Inspector General team.

2. The team has also indicated that it may be necessary to have discussions with "responsible" officials who can explain what is being purchased and the benefits to be derived by DoD.

FOR THE DIRECTOR:

  
Deputy Director for  
Resources and Systems
